

"Nature's Gift from the Sunny South"

COTTOLENE

Shortens your food--Lengthens your life

Cottolene is a wholesome product. It is made from Cotton Seed Oil in a thoroughly modern and hygienic manner, and is just as pure as olive oil. It is a clean product because its source is clean. From Cottonfield to Kitchen—human hands never touch the oil from which Cottolene is made.

Cottolene makes a palatable, digestible, healthful food, which will agree with the most delicate stomach. Lard food, on the contrary, is indigestible, and will cause trouble sooner or later.

Cottolene is a product of nature. Warmed into life by the Sun on Southern Cotton Fields, nurtured by rain and dew, the cotton plant finally concentrates in its seed that life-giving and life-sustaining quality which is the basis of Cottolene.

There is no substitute for Cottolene, because there is no other shortening so good.

COTTOLENE is Guaranteed Your grocer is hereby authorized to refund your money in case you are not pleased, after having given Cottolene a fair test.

Never Sold in Bulk Cottolene is packed in pails with an air-tight top to keep it clean, fresh and wholesome, and prevent it from catching dust and absorbing disagreeable odors, such as fish, oil, etc.

AFTER THE BIG REGATTA

Washington Wants Next Meet of the National Association of Amateur Oarsmen.

(Herald Special.) New York, March 18.—When the executive committee of the National Association of Amateur Oarsmen meets at the New York Athletic Club tomorrow a decision will probably be reached in regard to the date and place for holding the next annual regatta of the association. As this regatta is to America what the Henley is to England, it attracts large crowds from all sections of the United States and Canada, inasmuch as it is a contest in which the winners in other regattas meet to decide the championships. The regatta this year will probably be held during the last week in July or the first week in August. The Potomac Boat Club of Washington, D. C., is making a determined fight to secure the event for that city.

NO CURE FOR BALDNESS—PHYSICIAN OF NATIONAL REPUTATION STATES THAT IN RARE CASES BALDNESS IS NOT A DISEASE.

It is a well known fact that more charlatanism is rampant today on the subject of the scalp and hair than exists concerning any other subject, excepting, perhaps, consumption. Dr. Nott says: "Among the thousands of cases that have passed under my inspection, I have seen but very few authenticated instances where baldness has been successfully treated; of course, if there was among the patent medicines anything that would accomplish the result we would know of it and would at least try it. So far as restoring hair to color or promoting the length of the hair, that's another matter. The Q-Ban Hair Restorer, for instance, will restore gray hair to its natural color. I have used it in hundreds of instances without failing in a single case. I have used the Q-Ban Hair Tonic as well, very often and effectively, to encourage the growth of a luxuriant crop of hair—to remove dandruff, etc., but I have as yet to record a single case of baldness that has been effectively treated, without having to resort to a general hygienic treatment in connection with standard products, like, for instance, Q-Ban Hair Restorer and the Hair Tonic. I have found them to be very effectual assistants." Dr. Nott admits and insists that to produce a luxuriant growth of hair, to restore gray hairs, cure dandruff and diseased scalps is quite possible by simply observing the laws of health and using Q-Ban Hair Restorer and Tonic, but for baldness there is, as a rule, no cure; although some remarkable exceptions may be noted.

Q-Ban Hair Restorer and Tonic, we understand, can be had now at all druggists, put up ready for use, with full directions given as to the application.

Motley Drug Co. recommends and sells these preparations. If you are gray haired or your hair is commencing to fade, you can have the first full size 50c bottle by sending 12c in postage to the Hessig-Ellis Drug Co., Memphis, Tenn.

the week ending March 13, 1910. Persons calling for any of this mail will please say ADVERTISED, and give date. A charge of one cent will be made on each piece of mail so advertised.

FREIGHT RATE HEARING

At Kansas City Today Is of Interest to Shippers of Texas, Colorado, Oklahoma and Kansas.

(Herald Special.)

Kansas City, Mo., March 18.—Of vital interest to shippers throughout Texas, Colorado, Oklahoma and Kansas, is the case of the Southwestern Shippers' Traffic Association against the Santa Fe and other railroads, which came up for hearing here today before the Interstate Commerce Commission. The association, which is composed of prominent shippers in the four states named, is seeking to secure a readjustment of rates from the Atlantic seaboard and also to get a reasonable schedule of rating established from Galveston to points in Oklahoma, Kansas and Colorado, so that in case of a rate war or other disturbance of conditions advantage might be taken of the water rates from Galveston. The association charges that Chicago, St. Louis and other cities of the Middle West, through their trade organizations, are using their influence to prevent the proposed reduction in rates between Galveston and Kansas, Colorado and Oklahoma points.

NOTED CARDINAL COMING

To America This Summer and Will Pay His Respects to President Taft at Washington.

(Herald Special.)

Rome, March 18.—Cardinal Vincenzo Vannutelli, who is one of the most distinguished members of the Sacred College, is anticipating with much pleasure his visit to America next summer. The cardinal will not only be a papal representative at the Montreal Eucharistic Congress in September, but will be invested with the faculties of Legatus a Latere, which term means that he will have the right of receiving the same honors as the pope himself. It is understood here that arrangements for his reception have already been made in America. Though now in his seventy-fifth year the cardinal expects to take advantage of the opportunity to travel extensively over the whole of Canada and a large part of the United States. He will visit Earl Grey at Ottawa and also pay his respects to the president in Washington.
